

At Olliewoods Oasis, we love to snuggle under a starry night sky by the campfire. We love nature, the relaxing pace, and the easy laughter that flows from spending real quality time together. But the *ONE* thing we don't like about camping is how much work it is to pack and unpack all the things needed for roughing it especially if you don't want it to be so rough! At Olliewoods we have everything ready for you to just come and have fun. All that you need to bring for your magical and one-of-a-kind stay is your clothes, food to throw on the grill, and a toothbrush.

FRESH, CLASSIC, MODERN, & HAPPY!

Here at Olliewoods Oasis we know how to par-taaaay!!!

And in case you didn't know...

sober and present is the vibe everyone hip is looking for! We are a non-alcoholic venue because we want to encourage a real connection with your friends and family while you are here and a chance to make the most excellent memories.

Top 10 Reasons we believe sober is more fun:

1. You are funnier sober
2. You are more real and true to you (alcohol magnifies your hang-ups)
3. You can fully engage with the people around you
4. The neighbors won't call the fuzz
5. Hangovers are a downer, man
6. If you wreck our bicycles we would be bummed.
7. You are guaranteed to make memories that you will remember a lifetime!
8. You can count!

Until further notice...
